

up close and personal

with JD Thomas & Co. Salon

By Amy Biondi

Looking to love your hair again? Come visit the newly opened JD Thomas & Co. Salon located at 6168 Jericho Tpke in Commack. JD Thomas is representative of the collaborative efforts of Dawn Longin and John Thomas Multer. Dawn has been doing hair for over eighteen years and at their last salon she was the salon educator. John has been doing hair for over 27 years and both have traveled extensively outside the country in the pursuit of education in the field of hair care. Working together for over sixteen years, they were highly motivated to move into the next phase of their careers and branch out to open their own salon. Searching together, they found the perfect location and after working with great designers and with precise attention to detail, they have created the warm, comfortable hair boutique that so many customers have fallen in love with. They recently celebrated their grand opening this past September and have received many compliments on the great look they have achieved and how comfortable their clients feel there.

JD Thomas offers all phases of hair color including single process, highlights, lowlights as well as hair design, hair relaxing, Keratin Hair straightening, extensions, bridal services, make-up application, full

makeovers, blowouts and conditioning treatments. Every service is personalized to a person's specific needs and they work closely with their clients to find the most wearable and modern look for each individual. JD Thomas is a "green salon" and they like to use organic and natural products that eliminate all harsh chemicals from your hair. They recycle their product bottles and will even give a dollar off your next product if you return your empty bottles for recycling.

Dawn and John both believe strongly in continuing education for themselves and their staff as a necessary component to staying at the top of their field. In addition to servicing the public they have worked on many photo-shoots, hair fashion, runway and TV makeover shows. In addition to being conscious of the environment, they are big supporters of Long Island Harvest and are an official drop off site for this organization. John and Dawn are now celebrating their first anniversary. Please join us in congratulating them and the staff of JD Thomas for many years of success to come!

JD Thomas is conveniently located at 6168 Jericho Tpke in Commack or call 486-4443 for an appointment and see how they can create a whole new you.
